WHERE IT IS SIXTH FLOOR, AASHIANA CORPORATE TOWER

Main Boulevard Gulberg, a 3.7 km signal free corridor. Rotated to lay the boulevard flat; see the north arrow.

Signal free from Kalma Underpass to Jail Road, so the drive in is one straight run at either end of the day.

Hafeez Centre across the boulevard, so a replacement cable or a repair is a walk, not a day.

Liberty Market, MM Alam Road and the banks on the same stretch. Somewhere to take a client to lunch.

Fifteen minutes, any working day.

Sit at a desk, open your laptop, run a speed test and take a call from one of the rooms. Then decide in your own time.
